

TERYX STORAGE COVER INSTALLATION INSTRUCTIONS

- Drape the cover over the Teryx.
- Evenly pull the cover down as far as possible (the cover should fall at the middle of the wheel or lower.)
BE SURE THE ELASTIC IS NOT GATHERED BEFORE ATTEMPTING TO INSTALL THE COVER. DO NOT PULL OR TUG AT THE COVER IF IT GETS CAUGHT. DAMAGE TO THE COVER OR THE TERYX MAY RESULT.
- Tiedown loops along the bottom of the cover can be used in conjunction with bungee cord or rope (not supplied) for added security and in windy conditions.

CARE & CLEANING

Do not machine wash or dry. To clean, hose down thoroughly to remove all dirt and/or road salt. Dry cover on machine or on a clothesline.

Do not store outdoors with the accessory installed. Prolonged exposure to direct sunlight, heat and salt build-up can result in a breakdown of the fibers in your accessory. Damage resulting from long exposure to direct sunlight cannot be warranted.

WARRANTY INFORMATION

Your new Kawasaki accessory is guaranteed to be free from defects in material and workmanship for one year from date of purchase.
