⚠ WARNING

Please read and understand these instructions completely before installation to avoid possible injury to yourself or damage to the accessory or vehicle.

DEALER:

These instructions contain important information for future reference and *must* be given to the customer.

WARRANTY INFORMATION:

- Genuine Yamaha components are covered by a one year limited warranty against defects in material or workmanship. Labor for replacement of defective components is not covered. See your Yamaha dealer for a copy of the warranty statement.
- The Limited Warranty provided with new Yamaha vehicles has exclusions for certain failures, including those caused by competition or racing use (except YZ and WR motorcycle models) as well as by abnormal strain or abuse. While installation of these components will not “void” your vehicle’s warranty, specific failures adjudged by Yamaha to have resulted from the installation of accessory components or other modifications, or from competition use (except YZ and WR motorcycle models), may not be covered by warranty or Yamaha Extended Service.

PREPARATION:

1. Place FX-4 on a secure level surface and set the parking brake.

INSTALLATION:

⚠WARNING

Do not install cover until the vehicle has cooled to the touch. Hot exhaust parts could cause burns or damage to the cover. Keep cover away from flame or other sources of ignition.

1. If vehicle will not be operated for an extended period of time, be sure to take appropriate storage measures.
2. Install the storage cover over the vehicle making certain that the FX-4 Logo is located at the front as shown in Figure 1.

CARE AND CLEANING:

Hand wash using a mild soap and water solution. Hang to dry.
