

ARCTIC CAT[®]

ATV TANK BAG

Part #0436-185, #0436-223, #0436-212, #0436-268 & #0436-334

Make sure gas tank surface is clean before installing tank cover. Any dirt on the surface will result in dulling of the finish on your ATV.

INSTALLATION INSTRUCTIONS

1. Remove the gas cap. Loop the nylon material around the filler neck of the tank.
2. Pull the tank cover down on each side and then hook the “J” channel onto the edge of the tank.

Note: Make sure the tank cover is secure before operation of your ATV.
Do not carry heavy or sharp objects.
Maximum carrying capacity is 3 lbs.
