

INSTALLATION INSTRUCTIONS

Custom Cover Kit

2S3-F81A0-V0

2009 VMAX

⚠ WARNING

Please read and understand these instructions completely before installation to avoid possible injury to yourself, or damage to the accessory or vehicle.

DEALER:

These instructions contain important information for future reference and *must* be given to the customer.

WARRANTY INFORMATION:

- Genuine Star Accessories are covered by a one year warranty against defects in material or workmanship. Labor for replacement of defective components is not covered. See your Yamaha dealer for a copy of the warranty statement.
- The Limited Warranty provided with new Star vehicles has exclusions for certain failures, including those caused by competition or racing use as well as by abnormal strain or abuse. While installation of these components will not "void" your vehicle's warranty, specific failures adjudged by Yamaha to have resulted from the installation of accessory components or other modifications, or from competition use, may not be covered by warranty or Yamaha Extended Service for Star motorcycles.

PARTS LIST:

This kit contains the following components. Before beginning installation, confirm there are no missing or damaged components.

Item #	Part Number	Description	Qty
--	2S3-F81A0-V0	Custom Cover Kit	--
①	*	Custom Cover	1

* Part supplied with kit only and not available separately.

PREPARATION:

1. Place motorcycle on a secure level surface.
2. Clean all dust, grease and road grime from motorcycle before installing cover.

⚠WARNING

Do not install cover until vehicle has cooled to the touch. Hot engine or exhaust parts could cause burns or damage the cover. Keep cover away from flame or other sources of ignition.

Do not use motorcycle cover in high wind areas, as the cover can cause the motorcycle to tip over.

INSTALLATION:

1. If vehicle will not be operated for an extended period of time, be sure to take appropriate storage measures.
2. Be sure vehicle has sufficiently cooled before installing cover.
3. Be sure only the black, heat resistant section of the cover contacts the muffler areas.

MAINTENANCE:

Avoid temperature extremes, direct sunlight and keep away from moisture whenever possible to preserve the fit and finish of the motorcycle cover.

CARE AND CLEANING:

Hand wash using a mild soap and water solution. Hang to dry.

CUSTOMER SERVICE:

For further information, see your Yamaha dealer.
