**⚠ WARNING**

Please read and understand these instructions completely before installation to avoid possible injury to yourself or damage to the accessory or vehicle.

**DEALER:**

These instructions contain important information for future reference and *must* be given to the customer.

**WARRANTY INFORMATION:**

- Genuine Yamaha components are covered by a one year limited warranty against defects in material or workmanship. Labor for replacement of defective components is not covered. See your Yamaha dealer for a copy of the warranty statement.
- The Limited Warranty provided with new Yamaha vehicles has exclusions for certain failures, including those caused by competition or racing use (except YZ and WR motorcycle models) as well as by abnormal strain or abuse. While installation of these components will not "void" your vehicle's warranty, specific failures adjudged by Yamaha to have resulted from the installation of accessory components or other modifications, or from competition use (except YZ and WR motorcycle models), may not be covered by warranty or Yamaha Extended Service.

**PREPARATION:**

1. Place motorcycle on a secure level surface and set the parking brake.
2. Clean all mounting surfaces before beginning installation.

**INSTALLATION:**

**⚠WARNING**

Do not install cover until the vehicle has cooled to the touch. Hot engine or exhaust parts could cause burns or damage to the cover. Keep cover away from an open flame or any other source of ignition.

Do not use motorcycle cover in high wind areas as the cover can cause the motorcycle to tip over.

1. If vehicle will not be operated for an extended period of time, be sure to take appropriate storage measures.
2. Install the bike cover ① over the vehicle making certain that "FZ6R" logo is located towards the front of motorcycle as shown in Figure 1. Make sure the cover pulled down far enough to cover the brake rotors.

3. Be sure that the heat-resistant double lined section covers the muffler areas.

**NOTE:**

The loops located on the bottom perimeter (front and back) of the motorcycle cover allow the user to secure a cable lock to the motorcycle.

**CARE AND CLEANING:**

Hand wash using a mild soap and water solution. Hang to dry.

**CUSTOMER SERVICE:**
